

Deco-Poz™

Eco-Blend Concrete Microtopping

PDS.DecoPoz.0815.v2

DESCRIPTION: Deco-Poz™ is the latest technology in decorative concrete micro-topping systems. They are made with a custom engineered 100% recycled pozzolan material that diverts waste from landfills, increases concrete performance, and reduces Portland cement content to lower the overall associated carbon footprint. A 100% post consumer recycled rubber is incorporated in our rubberized non-skid cement mix for the most versatile Non-Skid surface option. Deco-Poz™ is available in White, Gray, and Rubberized Non-Skid Cement Mix options.

A special solvent free ready-to-use bonding polymer blend is simply added to the cement mix options to your desired flow consistency for vertical wall, ceiling or horizontal surface applications. It may be applied by steel trowel, microtopping squeegee trowel or sprayed by hopper gun to create the desired finish texture. Add color with integral color concrete pigments, concrete stains, or floor coatings.

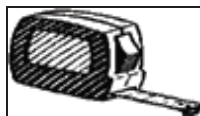

INTENDED USE: Transform virtually any interior or exterior substrate such as concrete, masonry, wood, drywall, stucco, fiber cement, metal, fiberglass, plastic, tile, composites and more into a new decorative concrete surface.

PACKAGING: 32 Oz & 1 Gallon RTU Bonding Polymer, 10lb & 40lb Pail in White, Gray, or Non-Skid Cement Mix.

The Smarter Way to Install Concrete!

1/32" - 1/8" Concrete • Outstanding Adhesion
High Compressive Strength • Diamond Polishable
Fast Return to Service • Most "LEED" Potential

Recycled Content | High Bond | Fast Return to Service
Sulfate Resistant | High Strength | Crack Resistant

100-200 Sq.Ft.
Coverage

Fast 1½ - 4 Hour
Dry Time

Installation Temp.
40°F-95°F

Soap and Water
Clean-up.

TECHNICAL DATA:

V.O.C. Regulatory = <10 g/L
Recycled Content = <42%
Flash Point = Non Flammable
Polymer Freeze Point = 32°F / 0° C
Protection C = Safety Goggles, Protective Gloves,
and Particulate Mask.

INGREDIENT DISCLOSURE:

DESCRIPTION	CAS#
Acrylic Co-Polymer	N/A (Non Haz)
Bio-Based Emulsion	N/A (Non Haz)
Water	7732-18-5
Solvent Free Thickener	N/A (Non Haz)
Solvent Free Surfactants	N/A (Non Haz)
Cement Mixture	N/A (Proprietary)
Recycled Pozzolan	N/A (Non Haz)
Recycled Rubber (NonSkid)	N/A (Non Haz)

NOTE: Mixing, grinding, or sanding this product will yield respirable dust. Use proper safety precautions and personal protection.

Deco-Poz™ Concrete Microtopping	
HEALTH	1
FLAMMABILITY	0
PHYSICAL HAZARD	0
PERSONAL PROTECTION	C

POTENTIAL USGBC LEED POTENTIAL: MR Credit 3- Materials Reuse, MR Credit 6- Recycled Content, MR Credit 5- Regional Materials, MR Credit 6- Rapidly Renewable Materials, IEQ Credit 4- Low Emitting materials, ID Credit 1- Innovation in Design.
