

Policy on Berkey® Sales to California and Iowa

California

Berkey® Multi-use systems are not to be sold to residents of California. Selling Multi-use systems to residents of California violates NMCL policies and is explicitly prohibited for our dealers' protection. It is the **sole** responsibility of each authorized Berkey® dealer to ensure that no Multi-use systems are sold to California residents either through their own website or through any marketplace platforms such as Amazon or EBay. Should any dealers sell and ship to California residents and by so doing, get into trouble with California regulators, such dealers will be on their own in terms of defending themselves against and dealing with such regulators. The following systems and any combination thereof are not approved for sale in the state of California as they are intended primarily for home use:

- Big Berkey®, Royal Berkey®, Imperial Berkey®, and/or Crown Berkey® with Black Berkey® Purification Elements, and/or Berkey Earth® DE Filter Elements and/or Super Sterasyl™ Ceramic Filtration Elements

Iowa

Berkey® systems are not to be sold to Iowa residents through company websites or through any marketplace platforms such as Amazon or EBay. The only Berkey® products that are to be sold in Iowa are Berkey® accessories, replacement items, and disaster preparedness items.

The limitations on selling Berkey® products to individuals in California and Iowa are also covered in Exhibit A of your Dealer agreement. Should you need further information on this, please contact your Account Representative.
