

FENG SHUI MULTI-SURFACE FINISH

Overview:

ECOS Feng Shui is a super-washable low sheen, multi-surface, designer finish.

Storage:

Protect from frost/freezing.

Where to use:

It is ideal for interior walls, ceilings and woodwork including doors, frames, sills, base (skirting) boards, kitchen units, melamine, etc. (not floors). Ask for advice for use on bare hardwood.

Preparation:

Surfaces should be clean, dry and free from dust and grease. If in doubt, clean with a Scotchbrite® pad and rinse well. Prime bare plaster with ECOS Plaster Sealer, and bare sheetrock, with ECOS Wall Primer.

Abrade previously painted woodwork & melamine surfaces lightly to provide a key.

Bare wood - prepare with ECOS Primer.

Knots - treat with two liberal coats of ECOS White Knotting Compound.

Fillers - seal with ECOS Filler Sealer.

Remove door furniture.

WARNING: Older buildings may contain lead-based paint, which requires professional remediation if it is disturbed. If in doubt, consult with a professional from a Lead-Safe Certified Firm.

Application:

DO NOT THIN. Stir gently and thoroughly before use.

Apply by gloss roller, working as quickly as is practicable, or by 1800-2500 psi airless spray using a .015 or .017 tip.

On paneled doors and other profiled woodwork, use a good quality fibrillated brush.

Do not leave areas part painted. Always keep a wet edge. Do not layoff.

Best results are normally achieved with two coats. Dark colors may need three coats.

Melamine surfaces require adequate thickness (3 coats) for best properties.

Normally touch dry in 1-2 hours. Allow to dry at least eight hours between coats.

If possible, avoid applying below 41°F (5°C) or above 68°F (20°C).

Clean equipment and brushes with water.

FENG SHUI MULTI-SURFACE FINISH

Coverage:

Varies with porosity, but on hard non-porous surfaces:

140 Sq Ft per Quart (single coat)

560 Sq Ft per Gallon (single coat)

Maintenance:

Clean with mild detergent & water; do not use harsh, abrasive/alkaline cleaners.

Health & Safety

Avoid contact with the skin and eyes. Wash off splashes with water. Keep out of the reach of children.
